

SJS SCHOOL COUNCIL

The council is a consultative council under the spiritual leadership of the episcopal-vicar designated by the bishop.

It is the purpose of the Council to assist the episcopal-vicar and the principal in the governance of the school. When the Council meets with the episcopal-vicar, principal, and quorum of members in attendance, and the group agrees on a policy matter, then the decision is effective and binding on all. The Council is consultative in the following sense: the member cannot act apart from the episcopal-vicar and principal and cannot make decisions binding on the school without the approval of the episcopal-vicar and principal.

Consultation also means that decisions will not be made on major matters until and unless the school Council has been consulted. The areas in which the school Council has responsibility and will be consulted are: Planning; Policy development and formulation; Financing; Public relations; Selection of principal; Evaluation of the principal's relationship with the Council; and Major curriculum changes.
